

# Havis Docking Station for Getac V100 & V200 Notebooks

## Getac

### DS-GTC-100 Series

The Havis Docking Station for the Getac V100 and V200 Convertible Notebooks brings you the best computing solution for all your business needs. Designed with versatility in mind, this docking station secures the compact 10.4" V100 as well as the larger 12.1" V200.

The DS-GTC-100 Series Docking Station offers computer charging, security, and connection to peripherals in medical, enterprise, and in-vehicle workplaces. Maximize your productivity with this rugged yet lightweight dock - built with theft deterrence, longevity, and stability in mind.

- Constant connectivity is maintained with a guided, floating Docking Connector.
- Engineered with fully functional front facing connectors.
- Mounting bracket and integrated cable strain relief allows for ease of installation and faster rollouts.
- Theft deterrence is accomplished by the rugged locking system and front hooks by Havis which keeps your Getac Notebook safe and secure.
- Strain relief for connectors prevents loose connections and accidental disconnects.
- Scalable connectivity provides a flexible solution.
- Full line of accessories to complete any solution.

Thin profile and small footprint make the difference when every inch of your mobile workspace matters.

Machined aluminum floating Docking Connector and brass mounting pins protect against damage.

# Havis Docking Station for Getac V100 & V200 Notebooks

Front facing port replication protects cable connections while integrated strain relief protects from accidental disconnects  
(Shown with USB Cable accessory, Part# DS-DA-311)

## Port Replication

- Best-in-class circuit and power system supports fully powered USB 2.0
- USB: Fully-Powered USB 2.0 (4)
- Ethernet: RJ45 Ethernet (1)
- Serial DB9 (2)
- Antenna: (optional)
- Speaker & Mic: Stereo (1 each)
- EMI Shielding: Yes
- Input Voltage: 19 V DC

## Specifications

Height: 3.3" (8.2 cm)

Width: 10.9" (27.7 cm)

Depth: 11.2" (28.4 cm)

Weight: TBD

## Certifications & Testing

- Vibration Testing: MIL-STD 810G 514.5 (PENDING)
- Impact Test: Crash Simulation per SAE J1455 (PENDING)  
(Forward/Rearward/Side Impact Directions)
- Cycle Test: Latch tested to 30,000 cycles (PENDING)

## Easy to use, safe and secure docking in tablet and notebook mode

### V100 Notebook

- 10.4" Display

### V200 Notebook

- 12.1" Display
