

## FLEXIPOLE TAB

### FLEXIBLE TABLET MOUNTING SOLUTIONS FROM HAVIS

The FlexiPole Tab from Havis gives users flexibility to easily and securely mount any tablet to their counter or wall. Simply fit the universal backplate to either the tablet itself or to the tablet case using our high bond adhesive pad. Once attached, the tablet will click securely into place on the FlexiPole mount.

Users can decide at the time of installation whether the tablet should be mounted in portrait or landscape. Once mounted, FlexiPole tilt and rotation features allow the tablet to be easily adjusted for optimum user experience.

- Easily mount any type or size of tablet
- Mount in portrait or landscape orientation
- Available in countertop and wall mount variations
- Available in Quick Release to allow users to easily go mobile or in Locking for added security
- 140° tilt (countertop only) and 330° rotation
- Access to tablet features once mounted
- Ideal for many use cases across a range of industries including retail, hospitality and more
- MOQs may apply
