

EXPERIENCE POWER... EXPERIENCE VANNER.

Product Support Discontinuation Notice

Date: September 1, 2020

Subject: A-Series and TA-Series Dynamic Inverter and Accessory Repair

From: Bruce Beegle
Vice President – Truck & Military Sales

Effective immediately, due to exhausting the inventory of components and materials necessary to perform repairs, Vanner will no longer offer refurbishment and/or repair of the obsolete TA-Series and A-Series Dynamic Inverters.

Part Numbers Affected:

A30-70X
A30-70XG15
A30-70XG30
A40-120XG15
A60-70X
A60-120XG15
TA60-100.4

If a replacement inverter is needed, contact Vanner's Vehicle System Integration Team, or Service Department at 800-AC POWER to discuss your needs and suitable replacement options.

We apologize for any inconvenience this decision may cause, but supporting the Dynamic Inverters is no longer feasible.

Thank you for choosing Vanner products,
